_____ Current Residential Streets should not be considered to be changed to one way street that would then take on major amounts of traffic. The people who purchased homes on Main St. knew they were buying houses on a busy street, the people who purchased homes on residential streets most likely don't want to live on a major street and should not be forced to do so. It would also drive their property value down, is the city of Verona going to pay the difference if they sell? Reconstructing the current intersection should be the only option considered, adding larger turn lanes etc, would help ease the traffic.

Please use the reverse side of this page for any additional comments. THANK YOU FOR YOUR INPUT!!
