if feel there has to be better plans for
development of Verona. Adding high traffic ~~the~~
streets is not a good idea. Any time you have a 2
lane street people are more likely to speed. These
streets are residential & it will be dangerous to do this.
The main appeal of Verona is that it is still "Hometown USA"
if you develop the town/city as planned it will quickly
become more & more like any other city (Madison)

THANK YOU FOR YOUR INPUT!!
